

# ProSeries-M<sup>®</sup> Chem-Pro<sup>®</sup>

## Chemical Metering Pumps for Precise Dosing of Water Treatment Chemical

The ProSeries-M<sup>®</sup> Chem-Pro<sup>®</sup> MC-2 and MC-3 Diaphragm Style Dosing Pumps are designed to meet the rigorous demands of municipal water and wastewater treatment.

Chem-Pro<sup>®</sup> pumping units have simple to operate digital controls and include a backlit LCD display. The LCD displays output volume, motor % speed, input signal value, service and alarm status. A snap on polycarbonate cover protects the LCD control pad from both UV exposure and the elements.

Chem-Pro<sup>®</sup> dosing pumps are fitted with Blue-White's exclusive single layer DiaFlex<sup>®</sup> Diaphragm built to last the life of the pump.

### PROSERIES-M<sup>®</sup> CHEM-PRO<sup>®</sup> MODELS

#### MC-2 MC-3

MAX FEED RATE	15 GPH	40 GPH
MAX SYSTEM PRESSURE	175 PSI	150 PSI
SAFETY	DFD	DFD
PUMP HEAD COMPONENTS	PVDF / Ceramic	PVDF / Ceramic
MOTOR	Variable Speed	Variable Speed
NSF	Std. 61	Std. 61
WASHDOWN RATING	NEMA 4X (IP66)	NEMA 4X (IP66)
WARRANTY	3 Years	3 Years

IP66

Blue-White is
